

Reconnective Healing

A comprehensive NEW form of healing that not only includes but also expands *beyond* all known forms of Energy Healing. It helps us to connect with our 'inner selves' and bring about the Natural Healing Process from within.

Reconnective Healing was discovered by Dr Eric Pearl in the mid 1990's. Amazing healings have since been reported for Arthritis, Depression, Cancer, Cerebral Palsy, Fibromyalgia, MS and other major health conditions. The following benefits have also been reported by recipients after receiving a Reconnective Healing session:

- Pain Relief
- Improved quality of sleep
- Deep relaxation
- Mental clarity
- Emotional stability
- Greater sense of well-being
- Removal of deep-seated fears
- Improved outlook on life
- Greater spiritual awareness
- A shift towards one's true path in life

All sessions are carried out, by appointment only, at my relaxing healing practice located in Walton, Peterborough.

Home visits are available for special circumstances.

- **Reconnective Healing (1 session): £36**
